

# Tachlit ETPs Bloomberg Guide

In order to find information about Tachlit Trackers products on Bloomberg, you may enter a specific symbol which can be found on our website [www.tachlittrackers.com](http://www.tachlittrackers.com), or by entering the product's name in the search engine of Bloomberg. Our ETPs begin with the search word - 'Tachlit' + the name of the index, commodity or currency you are searching.

In addition, you can enter our Bloomberg home page:

**IETF + Go**

The following page will appear

From Tachlit's homepage you can navigate by entering the **number + Go** or by **clicking one of the items**.

Once you have entered into a specific ETP, you can view the information by using the functions below:

## Research a specific ETP

| General Function |                        | Fixed income |  |
|------------------|------------------------|--------------|--|
| DES              | Product description    | HS           | Historical spread                          |
| BQ               | Basic quote            | COMP         | Compare Tachlit ETP with another ETF/Index |
| GP               | Price graph            | GPO          | Historical chart                           |
| HDS              | Institutional holdings | HRA          | Regression analysis                        |
| HP               | Historic price         | IGPO         | Intraday chart                             |
| MEMB             | Index members          |              |  |
| GWGT             | Sector allocation      |              |  |
